**SUPPLEMENTARY INFORMATION:** The Nisqually Indian Tribe submitted a Fee-to-Trust application to the Bureau of Indian Affairs (BIA) requesting the placement of approximately 74.2 acres of fee land in trust by the United States upon which the Nisqually Indian Tribe would construct a casino resort. The Tribe proposes to develop a casino-resort with an event/multi-purpose center, cultural center/museum with Tribal lawn, and associated infrastructure. The proposed fee-to-trust property is located within the boundaries of the City of Lacey, Thurston County, Washington. The proposed trust property is comprised of tax parcels numbers 11810101100 and 11810101102. The purpose of the proposed action is to improve the economic status of the Tribal government so that it can provide comprehensive services and ensure the continued social and economic independence and well-being of its Tribal members.

The proposed action encompasses the various federal approvals that may be required to implement the Nisqually Tribe's proposed project, including approval of the Nisqually Tribe's Fee-to-Trust application and Secretarial Determination pursuant to section 20(b)(1)(A) of the Indian Gaming Regulatory Act (25 U.S.C. 2719(b)(1)(A)). The EIS will identify and evaluate issues related to these

approvals and will also evaluate a range of reasonable alternatives. Possible alternatives currently under consideration include: (1) a reduced-intensity casino alternative, and (2) an alternate-use (non-gaming) alternative. The range of alternatives evaluated in the EIS may be expanded based on comments received during the scoping process.

Areas of environmental concern preliminarily identified for analysis in the EIS include land resources; water resources; air quality; noise; biological resources; cultural/historic/archaeological resources; resource use patterns; traffic and transportation; public health and safety; hazardous materials and hazardous wastes; public services and utilities; socioeconomics; environmental justice; visual resources/aesthetics; and cumulative, indirect, and growth-inducing effects. The range of issues to be addressed in the EIS may be expanded or reduced based on comments received in response to this notice and at the public scoping meeting. Additional information, including a map of the proposed trust property, is available by contacting the person listed in the **FOR FURTHER INFORMATION CONTACT** section of this notice or online at [www.nisquallycasinoeis.com](http://www.nisquallycasinoeis.com).
